# 11<sup>th</sup>International Symposium on **Telecommunication**

Research ITRC Institute

Communication in the Age of Artificial Intelligence

9-10 October 2024

Time of workshops: October 8, 2024

### Important Dates:

Paper Submission Deadline: 20 Jun 2024 Notification Of Acceptance: 20 Aug 2024 Camera - ready deadline: 7 Sep 2024 Deadline early registration: Before 7 Sep 2024

### Scope of the IST 2024:

The 11th International symposium on Telecommunication (IST 2024) encompasses all topics related to the Information and Communication Technology of various streams with the emphasis on the technical, security, legal, regulatory, and economical aspects of following topics:

## **Topics of Symposium**

## Future Networks, Systems & Technologies

- AI-Enabled Networks
- Quantum Communications and Cyber Space Security
- Wireless Communications and Mobile Networks
- Internet (Web 3.0 and Beyond)

## Services, Platforms & Devices

- Al-Enabled Services
- Data Protection, Privacy and User Security
- Digital Platforms/ Social Media
- Extended Reality/ IoT

## **Empowerment & Enabling Environment**

- Policy, Governance and Regulation
- Employment and Skill Development
- Ethics and Values

# 11th International Symposium on Telecommunication

Communication in the Age of Artificial Intelligence 9-10 October 2024

# CALL FOR PAPERS

ICT Research Institute is organizing the 11th International symposium on Telecommunication (IST 2024) with the slogan of communication in the age of artificial intelligence. This symposium aims to create an opportunity for academics and professionals in the international telecommunications community to exchange scientific and expert views with their peers regarding the latest developments in the field of emerging technologies. . In this symposium, side programs including keynote speeches, specialized meetings, presentation of papers and educational workshops will be held based on the slogan of the symposium and in line with the main scope of the symposium. All researchers, academicians, industrialists and experts in this field are hereby invited to contribute to the effectiveness of the symposium by participating in this symposium, submitting papers and sharing their research and practical findings.

The main scope of the symposium includes technical, economic, legal and security issues with emphasis on the following topics:

- Future Networks, Systems & Technologies
  - Al-Enabled Networks
  - Quantum Communications and Cyber Space Security
  - Wireless Communications and Mobile Networks
  - Internet (web 3.0 and Beyond)
- Empowerment & Enabling Environment
  - Policy, Governance and Regulation
  - Employment and Skill Development
  - Ethics and Values

- Services, Platforms & Devices
  - Al-Enabled Services
  - Data Protection, Privacy and User Security
  - Digital Platforms/Social Media
  - Extended Reality/IOT

# IMPORTANT DATES:

PAPER SUBMISSION DEADLINE: 20 JUN 2024 NOTIFICATION OF ACCEPTANCE: 20 AUG 2024

CAMERA-READY DEADLINE: 7 SEP 2024

DEADLINE EARLY REGISTRATION: BEFORE 7 SEP 2024

# PAPERS SUBMISSION:

- · Papers must be prepared and submitted in English and represent new work and have not been previously published in other symposium papers or journals.
- Sending the paper to other symposiums at the same time will cause the paper to be rejected (at any stage).
- Papers should be prepared and organized according to the existing instructions available on the symposium website and should be sent only electronically through the symposium website.
- For each accepted paper, at least one author must be registered and present the paper at the symposium.
- Like the previous symposiums, after the symposium is approved by IEEE, the accepted English papers will be sent for inclusion in IEEE Xplore and IEEE digital library.
